

Sustaining progress: Travelers are looking for big and small ways to take better care of the communities and world around them.

Hilton properties are working on creative solutions to make guest stays more sustainable, like **solar ovens, tap water sensors, vegan suites, soap recycling and locally sourced food & beverage ingredients.**

American Express' Global Travel Trends Report indicated that 72% of respondents are passionate about traveling to destinations to help boost tourism revenue and the local economy.

88%
OF HILTON'S PORTFOLIO IS PARTICIPATING IN SOAP RECYCLING, INCLUDING 100% OF NORTH AMERICAN HOTELS

Soap has been recycled into more than **16 million new bars** and donated to those in need globally.
